In the organization of the Secretariat for European Integrations of Montenegro and Ministry of Finance of Republic of Serbia, an information seminar for Cross-border Cooperation Programme between Serbia and Montenegro took place in Bijelo Polje Culture Center on February 3rd 2009.

RDA Zlatibor organized mutual departure and appearance of the Zlatibor District municipalities attending the Seminar. That provided greater attendance of all stakeholders and unique appearance of Zlatibor District municipalities, as it was the case in Bijeljina in December 2008.

Detailed information related to the Programme was presented during seminar, with special attention given to the idea of cross border project and partnership. Attendants were in the opportunity to discuss potential project ideas and to achieve preliminary contacts in seeking future partners. The representatives of the municipalities from two Serbian Administrative Districts, Zlatiborski and Raski, as well as the representatives of the municipalities from relevant Montenegro region, also participated in the Seminar.
