Putovanje kroz čudesan svet prirode i tradicije

Dobro došli u najlepše predele zapadne Srbije, u brdsko-planinski kraj pun raznolikosti, u srce očuvane tradicije, među tragove znamenite prošlosti! Ovde se zelenilom prirode pogled odmara, tu je trpeza puna domaćih jela kao u bakinoj kuhinji, a predah uvek sladak – bilo da oseednete u *vajatima* (drvenim kućicama) ili modernim hotelima – domaćini će Vam svojom srdačnošću i gostoprimstvom boravak u njima učiniti nezaboravnim.

Agencija **Amigo travel** biće Vam domaćin, prijatelj i vodič u otkrivanju osobenosti i zanimljivosti ovoga kraja. Verujemo da će naše iskustvo, već deceniju dugo, i na hiljade zadovoljnih klijenata, i za Vas biti podsticaj da nam se pridružite. Lepote Srbije i užičkog kraja predstavljamo posetiocima ponosno i sa ljubavlju i željom da ih što bolje upoznaju.

Amigo Vas vodi *Stazama Užičke republike* - putevima znamenite prošlosti ovog kraja. Mnogima je dobro znana bogata istorija Užica, grada na Đetinji; čuli su za Kadinjaču i *Radnički bataljon*, za *Trg partizana* i Titov bronzani spomenik, koji su svetlo doba *Užičke republike* – jedine oslobođene teritorije u fašizmom porobljenoj Evropi. I sama arhitektura grada Užica ukazuje na to da su ostaci minulog vremena i dalje prisutni.

Za one koje ipak više mami dah savremenog osmislili smo program *Ko te Užice ne bi voleo*. Prošetate gradskim ulicama, posetićete sto deset godina staru hidrocentralu, na koju su Užičani ponosni, jer je druga u svetu proizvodila struju po Teslinim principima; obići ćete gradske vidikovce i javne česme. Poseban utisak na Vas ostaviće gradske kafane i vrcav, već poslovični humor Užičana, poznatih i kao Ere, prema čijem šarmu i neposrednosti u ophođenju retko ko ostane ravnodušan.

Zanimljivo je da svaka veća zgrada u Užicu ima svoj nadimak: tu su i *Šarulja* i *Tele*, *Beli dvor* i *Crna dama*, *Lepa Brena* i *Slatki greh*, *Sivonja*, *Paletina*... Ere su i pogled na gradsko groblje nazvale u svom metaforičnom maniru *Pogled u budućnost*.

Neki će se opredeliti za naš program *Magični turistički prsten*. To je spoj odmora na planini i reci uz vožnju autobusom, brodom i muzejskim vozom *ćirom*. Ova tura počinje vožnjom autobusom iz Užica do Mokre Gore, gde je čuveni *Drvengrad* Emira Kusturice. Tamo ćete, vozom *Nostalgija*, uploviti u čudesan svet netaknute prirode, vozeći se *Šarganskom osmicom*, uskom prugom u obliku broja *osam*, koja se pruža preko brda Šargan. Put dalje vodi do Višegrada i reke Drine u Bosni, a odatle putujete brodom do jezera Perućac. Od Perućca ponovo drumom do Bajine Bašte i planine Tare, pa nazad do Mokre Gore. *Magični prsten* spaja živopisne predele koje su mnogi posetioci nazvali *rajem na zemlji*.

Za ljubitelje planinskih pejzaža organizujemo program *Tri dana, tri planine*. Njime smo povezali atraktivnu i urbanizovanu planinu Zlatibor, tihu i divlju Taru i čarobni Zlatar. Sve tri planine ističu se obiljem plodova, lekovitog bilja i čistim vazduhom. One su po udaljenosti bliske, a po osobenostima i sadržajima različite. To su planine sa raznolikim ponudama – od onih svojstvenih navikama gradskog čoveka, do tradicionalnog smeštaja koji čine etno-kuće i apartmani.

Priroda i *prirodno* je ono što će Vas očarati, odmoriti i preporučiti. Možete kupiti ili sami ubrati razne vrste lekovitog bilja i voća, ali i probati razne specijalitete, među kojima su čuveni, prasetina i jagnjetina sa ražnja. Boje, mirisi i atmosfera onog blagorodnog kraja pravi su odmor i uživanje za sva čula i kontrast su sivilu i gradskoj vrevi.

Agencija **Amigo travel** iz Užica i njena vlasnica Radmila Janjusević, licencirani turistički vodič, potrudiće se da Vas upoznaju sa svim lepotama ovoga kraja i uz njih ćete osetiti sigurnost i posvećenost iskrenog prijatelja.

We truly believe our ten-years-long experience along with thousands of satisfied clients is a strong enough motivation for you to join us. We present beauties of Serbia and the town of Uzice region with pride and love to our visitors with the only wish for them to get to know our country and county as well as it is possible.

The **Amigo** takes you on a tour of the *Republic of Uzice* leading you through the region's rich historical past. Many are familiar with the rich history of the town of Uzice on the Djetinja River; many have heard of Kadinjaca and the *Workers Battalion*, of the *Partisan Square* and a bronze statue of Tito that presided the square, all of them being ornaments of the bright history of the *Republic of Uzice*, the only liberated territory in the Nazi occupied Europe. The town of Uzice architecture itself points to the fact that remnants of the historic past are still present.

If you are more interested in the contemporary spirit, you can try the tour package called *It's impossible not to love Uzice*. You can walk down the town streets, visit the hundred and ten years old hydroelectric power plant that make all the locals proud since it is the second one in the world based on Tesla principles. You can visit the town's viewpoints and public drinking fountains.

What makes a unique impression on every visitor are old city cafes and specific proverbial humour of the people of Uzice, also known as Eras, whose charm and spontaneity are hard to resist.

Ability of local people to make fun and speak metaphorically about everything is visible in numerous nicknames of the buildings they live in, so they will tell you they live in the *White Palace*, or *Black Queen* or even the *Calf* without hesitation. Maybe the best example of their everyday metaphorical way of speaking not rarely coloured with black humour is the way they call the view of the town's cemetery naming it *The View into the Future*.

Some of you will choose our tour package *Magic Tourist Ring*. It brings together holidays in the mountains and on the rivers and bus and boat rides as well as ride on the museum train *Cira*.

The tour starts by the bus ride from Uzice to Mokra Gora, where the famous ethno village *Drvengrad* built by the film director Emir Kusturica is located. Traveling by the *Nostalgia* train on the famous *Sargan Eight*, the narrow gauge railway gage in the shape of number eight, you will dive into the magical world of intact nature.

The road leads you to Visegrad and the Drina River in Bosnia where you take a boat and travel to Perućac Lake. You are on the road again from Perućac to Bajina Basta and Mountain Tara, and then back again to Mokra Gora. *The Magic Ring* connects picturesque areas described by many as the *vision of Heaven*.

If you like mountain landscapes, you can choose the tour package *Three Days, Three Mountains*. The tour brings together the attractive and urban mountain of Zlatibor, quiet yet wild Tara and magical Zlatar. All the three mountains are rich in vegetation, medicinal herbs and clean air. They are geographically close but quite different when it comes to features and characteristics. They have a huge variety to offer – from places that fit all the needs of a person from the urban areas to traditional accomodation consisting of ethno houses and appartments.

Nature and *everything natural* will enchant you, and also make it possible for you to rest and feel like a newborn person. You can buy or pick yourself different species of medicinal herbs and fruit, and try different specialties such as grilled pork and lamb.

Colours, fragrances and the whole atmosphere of this rich and fertile region please all senses and are in contrast with crowded and noisy cities.

The **Amigo travel** Agency from Uzice and its owner, Ms Radmila Janjusevic, the licensed tour guide, will give their best to approach all the beauties of the region to you, You will feel safe with them and what is most important – you will feel dedication of a true friend while with them.

Following the paths of the republic of Uzice

The ones who think that by erasing dates or removing monuments may delete history and create a new one are the ones who don't do justice to their history, past and ancestors. Apparently, some descendants are now both more determined and louder while talking about the certain historical period. Revision of history is ongoing as it is well known and widespread throughout ex-Yugoslavia.

Seventy years ago the town of Uzice was the centre of the Republic of Uzice, the only free territory in the Nazi occupied Europe in 1941. We will not let past to be forgotten since we want the Republic of Uzice to be the symbol of freedom for the new generations as well. That's why this travel package includes visiting places significant for the mentioned historical period: visit to the statue of Tito, Memorial complex Kadinjaca, Museum of Uprising with both old and new exhibitions, as well as vaults – once partisan ammunition and arms factory.

The Republic of Uzice is the name of the first liberated territory in the Nazi occupied Europe. The territory itself did not have fortified boundaries as they were changing on daily basis, depending on offensives from both Partisans and Nazi forces. The mini state was a short-lived one. It existed for exactly 73 days.

Day 1
Arrival in Belgrade. Transfer to Uzice. Welcome cocktail in Uzice. Checking in to the "Zlatiborska noć" hotel in Bela Zemlja. Free time at disposal until dinner. Dinner. Overnight.

Day 2
Breakfast. The unique tour around the region once called the Republic of Uzice begins by visiting the heart of the town Uzice - the open market with all delicacies that the region has to offer. Lunch at the ethno restaurant "Konak". Free time at disposal. Return to the hotel. Dinner. Overnight.

Day 3
Breakfast. Transfer to Kadinjaca 14 kilometres away from Uzice. Visit to the Memorial dedicated to the troops of Workers' Battalion. Return to Uzice. Lunch at the famous restaurant "Tabana". Walk to the city "beach" also known as Plaza, visit to the Museum of Technical Devices, guided tour to the old Uzice's Fortress built in the 14th century. Return to the hotel. Overnight.

Day 4
Breakfast. Checking out of the hotel. Visit to the village of Zlakusa, famous for its pottery and the nearby ethno village "Terzica avlija". Visit to the Potpec cave. End of the tour.

YOU WILL NOT BE ABLE TO RESIST THESE BEAUTIES AND WILL WISH TO RETURN TO UZICE EXPERIENCING IT IN A NEW WAY EVERY TIME YOU COME HERE!!!

The package price is formed depending on the number of people interested in the tour and the date. **The package includes:** visits according to the package tour, accommodation and services according to the package tour, the guide.

Note: All your suggestions and proposals are taken into consideration; it is also possible to create the package tour that fits your exact desires.

Tri dana - Tri planine

Zlatibor - Tara - Zlatar

I dan:

Dolazak u Beograd. Iz Beograda putujemo ka Mačvi a zatim ćemo se popeti na planinu Povlen. Nakon pauze, vozimo se niz serpentine prema reci Drini. Kratko putovanje od sat vremena, vodi nas ka mestu Perućac. Ručak u restoranu Vrelo, koji se nalazi na vodopadu a kojim se istoimena reka survava u Drinu. Na meniju će se obavezno naći rečna riba pastrmka, kojom je Drina bogata. Od Perućca nas put opet vodi serpentinama, ali sada uz planinu Taru. Ovde je vidik sužen jer Drina ulazi u kanjon gde je i pregrađena velikom betonskom branom – tako je napravljeno jezero Perućac. Put je vrlo strm, a pravi je izazov, čak i onim najhrabrijima, pogled u ambis kanjona. Izlazimo na visoravan gde se pogled širi prema nepreglednim jelovim i smrčnim šumama a između njih, nalaze se mirisne livade, pune raznovrsnog bilja. Na jednoj od livada, nalazi se i dečje selo Mitrovac. Pauza je predviđena baš tu, u kafani Kačara. Običi ćemo još jedno jezero na planini Tari – Zaovine, jezero neponovljive lepote i bogatstva flore. Dolazak u hotel Zlatiborska noć na Beloj Zemlji. Večera. Noćenje.

II dan:

Krećemo putem pored korita reke Sušice. Ovaj put i korito nestale reke, dele Taru od Zlatibora, sve do mesta na kome se nalazi brdo Šargan. Neprohodan planinski kraj zadavao je muke austrijskim i srpskim graditeljima pruge uskog koloseka Beograd – Sarajevo. Uz pomoć tehnologije i domišljatosti, uspeli su da naprave prugu koja je danas turistička atrakcija. U dvočasovnoj vožnji saznaćete mnoge zanimljivosti i anegdote iz tog vremena. Dolazak na brdo Mećavnik. Položaj Mećavnika inspirisao je stolare i tesare, vajare i slikare i naravno Kusturicu, da na njemu naprave Drveni grad. Dolazak vozom na Moku Goru i ručak u restoranu Osmica. Povratak u Zlatiborsku noć. Večera. Noćenje.

III dan:

Prelazimo Zlatibor i stižemo do reke Uvac, koja opet deli Zlatibor – ovoga puta od Zlatara. Poseta kanjonu reke Uvac, prirodnom staništu beloglavih supova. Kratko osveženje sa medom i rakijom u seoskom domaćinstvu, smeštenom na ivici kanjona. Vožnja katamaranom Zlatarskim jezerom, specifičnim po svojoj smaragdnoj boji. Odlazak do turističkog naselja Vraneša, koje neguje tradicionalnu arhitekturu i običaje. Posetićemo i Radoinjsko jezero. Po obilasku turističkog naselja, ručaćemo na obali jezera specijalitete zlatarskog kraja. U popodnevni satima krećemo ka Beogradu – ibarskom magistralom – poznatoj po kafanama, koje se nalaze u nizu sa obe strane puta.

Aranžman obuhvata: vodiča, razgledanje, smeštaj i usluge prema programu.

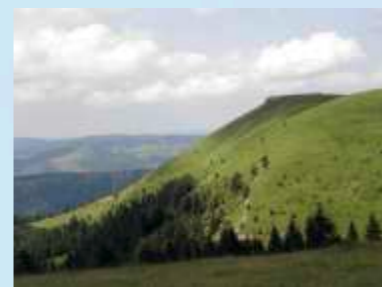

Cena aranžmana se formira u zavisnosti od veličine grupe i datuma polaska.

Za realizaciju ovog programa je potrebno minimum 6 osoba.

Sve Vaše sugestije i predloge rado ćemo prihvatiti.

Program je takođe moguće delimično menjati ili potpuno prilagoditi Vašim željama i potrebama.

Three Days – Three Mountains

Zlatibor - Tara - Zlatar

Day 1:

Arrival in Belgrade. Transfer to Macva and then visit to mountain Povlen. After a break traveling down the serpentine road that leads to the Drina River. A short, an hour long travel takes you to the place called Perućac. Lunch at the Vrelo restaurant, located above the waterfall, where the Vrelo River after its short flow falls down into the Drina River. Since the Drina is rich in trout, you can find the fish in the restaurant's menu.

The serpentine road leads you again from Perućac up to mountain Tara. The view narrows from this point since you enter the area of the Drina River Canyon with the big concrete dam that actually created Perućac Lake. The road is rather steep and represents a real challenge even to the bravest ones, since it takes courage to look into the abyss the canyon creates. The view broadens once the road takes you to the plateau. There you can see dense fir tree forests divided by fragrant meadows rich in vegetation. One of the meadows hosts the Children Vacation Centre of Mitrovac, where a short break is made at the Kacara restaurant. Visit to Zaovine Lake on Tara Mountain, the lake of exceptional beauty rich in flora. Arrival in the Zlatiborska noc hotel in Bela Zemlja. Dinner. Overnight.

Day 2:

Traveling the road passing the riverbed of the Susica River. Both road and the riverbed of the disappearing river divide mountain Tara from Zlatibor all the way to the place where Šargan hill is located. The impervious mountain area gave a hard time to Austrian and Serbian builders of the narrow gauge railway between Belgrade and Sarajevo. Using technology and being creative, they managed to build the railway that represents the tourist attraction even today. During the two-hours long travel you can learn about interesting events and anecdotes of the time. Arrival in Mecavnik hill. The location of Mecavnik inspired carpenters, sculptors, painters and finally the film director Emir Kusturica to create the Wooden Town. Transfer to Mokra Gora by train. Lunch at the Osmica restaurant. Return to the Zlatiborska noc hotel. Dinner. Overnight.

Day 3:

Travel over Zlatibor mountain to the Uvac River that divides Zlatibor from Zlatar. Visit to the Uvac River Canyon, the natural habitat of griffon vulture. A short break in the household next to the canyon edge, where you can try home-made honey and plum brandy. Catamaran ride on Zlatar Lake famous for its emerald colour. Transfer to the village of Vraneša, with traditional architecture and customs. Visit to Radoinjsko Lake. Lunch on the lake bank. Trying specialties of the Zlatar area. Transfer to Belgrade in the afternoon traveling along Ibarska Highway, well-known for numerous cafes and restaurants on the both sides of the road.

The package price is formed depending on the number of people interested in the tour and the date.

Čudesnim drumovima rakije i maline

Razni putevi vode ka Srbiji... Ali ovoga puta, povešćemo Vas na jedan krajnje neobičan put, koji do sada niste pohodili. To je put koji vodi do rakije i maline. Staro pravilo kaže da je, ako neko želi da upozna neku zemlju i njegov narod, neophodno da proba njegovu autentičnu hranu i piće. Omiljeno piće ljudi sa ovih prostora svakako je rakija. Krenite sa nama na ovaj nobičan put – mi znamo tajne prolaze i vrata do kojih on vodi..

Rakija je bila, a i biće, stalni gost svih naših slavlja, proslava ali tugovanja i nemira. Ona nas prati gde kod da krenemo i daje utehu kada smo sami, ili polet i žar kada smo u društvu. Postoji veliki broj vrsta, a najviše volimo onu *domaću – pravu*.

Posetioći će imati priliku da se upoznaju sa istorijatom i načinom proizvodnje rakije kroz degustaciju voćnih rakija...

Kada odete u Meksiko probate tamo naravno, tekilu. Kada dođete u Grčku počaste Vas sa uzom, a u Rusiji probate votku. Srbin će Vas, kao pravi domaćin, poslužiti sa rakijom. Zato, krenite sa nama najpoznatijim putevima rakije u zapadnoj Srbiji!

U Srbiji se tačno zna od koga je rakija uzeta, jer svaka porodica ima neki svoj sastojak zbog koga je rakija baš tako dobra i specifična.

Pozivamo Vas da posetite sa nama neke od familija koje se već vekovima poznaju po rakiji. Tu su Bogdanovići, Ivanovići...

I dan

Put nas prvo vodi prema Arilju - prestonici maline, gde ćemo posetiti Spomenik malini, jer je ovaj kraj najpoznatiji po proizvodnji ovog jedinstvenog voća. Zatim stižemo do Milićevog sela, čije su podneblje i klima Božiji dar za proizvodnju šljive i šljivovice. Degustacija *Zlate biserke*, rakije proizvedene od probranih sorti šljive koja se proizvodi tradicionalnom tehnologijom i dugogodišnjim čuvanjem u podrumu *Biser*, a zna se da što je starija - to je i bolja. Posle degustacije družit ćemo se uz muziku do kasnih sati. Smeštaj je naravno predviđen u nekom od seoskih domaćinstava kod ljubaznih domaćina.

II dan

Posle doručka, nastavljamo *put rakije* do još jednog nadaleko poznatog sela. Dolazimo u selo Karan. Veliki značaj ovom selu pored rakije daje i stara karanska Bela crkva. Poseta i odlazak do još jedne poznate familije po proizvodnji rakije. Porodica Ivanović proizvodi *Zlatnu dolinu*. *Zlatna dolina* je proizvedena na tradicionalni način, bez upotrebe hemijskih sredstava u proizvodnji šljive i aditiva u proizvodnji same rakije. Čuvana je dugi niz godina u hrastovim buradima, koja je dodatno oplemenjuju. *Zlatna dolina* je u potpunosti prirodni proizvod koji nema konkurenciju među šljivovicama. Degustacija i druženje uz muziku do kasnih večernjih sati. Smeštaj u seoska domaćinstva kod tradicionalno gostoljubivih domaćina. Noćenje.

III dan

Doručak. Nastavak putovanja ka planini Tari i Bajinoj Bašti. Upoznaćete još jednu porodicu koja zna sve tajne dobre rakije. Ovako objašnjava njenu tajnu Radisav Bogdanović: *Tajna je u malim tajnama. Jedna od njih je i ljubav hrastovine i rakije. Što je ljubav duža, rakija je bolja.* Porodica Radisava Bogdanovića je sedma generacija koja se bavi proizvodnjom *Sokolove rakije*. Pored degustacije, posetićemo i porodičnu staru kuću Bogdanovića, odakle je sve počelo. Druženje do kasnih večernjih sati uz muziku. Smeštaj u seoskim domaćinstvima. Noćenje.

IV dan

Doručak. Preko Tare i spomen kuće proroka Tarabića, do sela čuda i ovoga puta, odlične viljamovke. Dolazak kod porodice Carević i degustacija rakije za koju domaćin kaže da *čisti krv, bistriri razum i formira karakter*. Druženje uz pečenje sa ražnja.

Tu je i kraj našeg druženja, dok vas miris rakije i maline ponovo ne privuče u naše krajeve.

Za kraj, otkrićemo Vam i to da se pojavila još jedna rakija na našim prostorima. To je *Opsesija*, rakija od maline. Ako poželite da je probate, rado ćemo Vas povesti do Kosjerića i porodice Zarić.

Živeli!

I SVE OVO UZ "KOMPLET LEPINJU", JER UZ NJU SE NAJBOLJE TREZNI!
A ŠTAJETO?
SAZNAĆETE KAD DOĐETE I PROBATE!

Aktivni odmor

NETAKNUTA PRIRODA I PRILIKA ZA ODMOR

AKTIVNI ODMOR U ZAPADNOJ SRBIJI

U zapadnoj Srbiji imamo jedan nacionalni park (*Tara*), jedan park prirode (*Golija*) i rezervat (*Uvac*), a skoro svaka planina predstavlja manje ili više popularnu turističku destinaciju. Osim već pomenutih, to su pre svega Zlatibor, Zlatar i Divčibare dok je Mokra Gora, na razmeđu između Zlatibora i Tare, svake godine sve popularnija.

Tu je i jedna velika reka - Drina, zatim Lim a potom Uvac i njegova jezera te brojni kanjoni. Prirodne atrakcije su prisutne, atraktivnost predela je više nego očigledna i mnogi kažu: *kao sa razglednice*. U takvim okolnostima, uz dobar turistički marketing, ovaj deo zemlje privlači pažnju velikog broja turista, koji se ionako teško odlučuju šta prvo da posete, jer postoje brojne atrakcije koje treba i vrediti obići.

Aktivni odmor je zbog već poznatog, blagotvornog učinka na duh i telo, danas sve više zastupljen u svetu. U današnje vreme *urbanog*, ali većinom nezdravog života, potrebno je odmaknuti se od takve svakodnevice, i vratiti se prirodi, bar na tren.

LOVNI I RIBOLOVNI TURIZAM

Bogata ponuda lovnog turizma Srbije i idilična lovišta, govore o tome da su ljudi iz ove oblasti učinili sve što je u njihovoj moći da se ponuda osmisli a prednosti i vrednosti iskoriste. Potrebno je da svest o njihovom postojanju dođe do što većeg broja ljudi, da saznaju za njih i da nas posete.

Priroda je ovim prostorima podarila raznovrsne i bogate uslove za život i razvoj raznolikih vrsta divljači i ribljeg sveta. Na poljima, kršu i planinama žive razne vrste divljači. Okolina užičke opštine sa planinama, poljima i šumama pruža sve uslove za lovni turizam, pa samim tim ima i nekoliko lovišta. Jedno od najznačajnijih za Užice je svakako lovište *Đetinja* kojim gazduje Lovačko udruženje *Aleksa Dejović*. Ukupne je površine 54.334 hektara. Udruženje ima oko 600 članova.

Prvi podaci o užičkim lovcima datiraju iz XVI veka.

Stalno gajene vrste divljači u lovištu *Đetinja* su: srna, divlja svinja, divokoza, medved, zec, fazan, poljska jarebica i jarebica kamenjarka.

Udruženje poseduje lovački dom, kao i sledeće lovne objekte: 22 stabilne čeke, 17 čeka na drvetu, 11 hranilišta za krupnu divljač, 5 hranilišta za fazane i jarebice, 280 solišta i 2 prihvatilišta za fazančice, gater za obuku lovačkih pasa. Za smeštaj gostiju raspolaze prenoćištima u kolibama na lovnim terenima. Lovni turizam je u razvoju.

LOV

Lov u Nacionalnom parku *Tara* uvek je organizovan i usklađen sa planskim dokumentima. Trenutno se odobrava lov na srneću divljač i divokoze, dok je mogućnost lova na vukove i divlje svinje u razmatranju. Medvedi se nalaze u lovostaju ali se mogu osmatrati i fotografisati na hranilištima. Dozvole za lov i translokacija divljači na druga područja, odobrava služba za zaštitu i unapređenje lova i ribolova JP *Nacionalni park Tara*.

RIBOLOV

Drina sa veštačkim jezerima Perućac i Zaovine i svojim pritokama, pruža izuzetne uslove za razvoj ribolovnog turizma. Bistri i čisti vodeni tokovi pogoduju staništu raznovrsne rečne ribe, među kojima se ističe mladica i lipljan (endemične vrste za reku Drinu), šaran, skobalj, klen, mrena, som i potočna pastrmka. Ovo ribolovno područje se koristi za sportski ribolov. Dozvole za ribolov izdaje OSR *Mladica* iz Bajine Bašte, dok za vode na teritoriji Nacionalnog parka, izdaje JPNP *Tara*.

S obzirom na bogatstvo prirodnih resursa, opština Požega pruža široke mogućnosti za aktivni odmor. Očuvana priroda, blaga klima, čist vazduh, nezagađene planinske reke kao i bogata flora i fauna, pružaju mogućnost za bavljenje lovom (područje *Tometino polje* - bogato srnećom divljači; *Kleniči* - divlje svinje, a cela *Požeška kotlina* bogata je sitnom divljači) i ribolovom (reka *Rzav*, *Kamenica*, *Skrapjež*).

BICIKLIZAM

Kilometri asfaltnih i vrlo dobrih makadamskih puteva na Tari, omogućavaju vožnju biciklom u svako doba godine bez obzira na vremenske uslove. Stotine šumskih staza i puteljaka obećavaju doživljaj za ljubitelje tišine, ali ni oni ambiciozni neće ostati uskraćeni: na raspolaganju im je izazov bezbrojnih tehnički i fizički veoma zahtevnih staza. JPNP *Tara* je uradilo mapu biciklističkih staza, koje prolaze kroz najlepše delove Nacionalnog parka. Možete je naći na informativnim punktovima JP Nacionalni park *Tara* pod nazivom *Tarocikl*.

FISHING

The Drina River with its artificial lakes of Perućac and Zaovine as well as its tributaries, provide exceptional conditions for fishing tourism. Clear and clean water flows are ideal habitats for the river fish, huchen and grayling being the most famous ones (endemic species for the Drina River), then carp, nase, chub, barbel, catfish, and brown trout. This fishing area is used for sport fishing. Fishing licences are issued by the Organization of Sport Fishermen *Mladica* from Bajina Basta, while the Public Company *National Park Tara* issues fishing permits for the waters on the National Park territory. Being rich in natural resources, the Požega Municipality gives you the opportunity for active tourism. Intact nature, mild climate, crystal clear air, unpolluted mountain rivers as well as rich flora and fauna make it possible for you to go hunting (*The Tometino polje* area is rich in roe deer; *Kleniči* is rich in wild boar while the whole *Požega basin* is rich in small game) and fishing (the rivers of *Rzav*, *Kamenica*, *Skrapjež*).

Aktivni odmor

PLANINARENJE

Tara, kao jedna od naših najlepših planina, pruža izuzetne uslove za planinarenje i veoma je interesantna ljubiteljima ove aktivnosti u prirodi. U Nacionalnom parku *Tara* markirano je 18 planinarskih staza, sa ukupnom dužinom od preko 120 km. Ovim rutama je pridodata i još jedna veoma zanimljiva staza nazvana *Mala duhovna transferzala*. Ova staza je obeležena na relaciji: manastir Rača-Lađevac-Suva pećina-skit Svetog Đorđa - stena Krstača - utvrđenja Gradina-vidikovac, Crnjeskovo- manastirski stanovi na Kaluđerskim Barama. Preporučuje se korišćenje mape planinarskih staza, koja se nalazi na svim recepcijama, kontrolnim i informativnim punktovima.

POSMATRANJE PTICA

Specijalni rezervat prirode *Uvac* je zaštićeno prirodno dobro od izuzetnog značaja, odnosno prirodno dobro prve kategorije. Nalazi se u jugozapadnoj Srbiji. Centralnu morfološku celinu rezervata predstavlja kanjonska dolina reke Uvac, sa dolinama njenih pritoka. Posebna vrednost kanjonskih delova doline su uklešteni meandri.

Rtovi meandara imaju relativnu visinu i do 100 m.

Specijalni rezervat prirode *Uvac* izdvaja prisustvo 104 vrste ptica. U najznačajnije spada: beloglavi sup – jedna od dve preostale vrste lešinara, koji se danas gnezde na području Srbije. Beloglavi sup je vrsta oral lešinara, imponantne veličine, raspona krila i do 3 metra što ga čini moćnim letačem, čiji let su istraživali i naučnici – aeronautičari, i primenjivali ga pri konstrukciji letelica.

RAFTING NA LIMU

Lim je najpogodnija reka za rafting u Srbiji. Plovan je u dužini od oko 120km, od Plavskog jezera do Lučica, odnosno Prijepolja. Najatraktivniji deo je od manastira Kumanica do Lučica, gde se splavariti može tokom čitave godine. U gornjem toku, od Plava do Kumanice najpogodnije je spuštati se od aprila do juna, jer je kasnije vodostaj nizak.

Lim i njegova okolina nude savršene uslove za organizovanje aktivnog odmora svim generacijama, te nije ni čudo što posećenost iz godine u godinu rapidno raste.

Na osnovu višegodišnjeg iskustva PSD Lim je osmislio nekoliko osnovnih aranžmana

Sopotnica u tri dana

Sopotnicki vodopadi i rafting – Kumanica

Sopotnicki vodopadi i rafting – Tifran

Sopotnicki vodopadi i rafting – Tifran – SPECIJAL

Vodiči čamaca koje nudi PSD Lim su iskusni, višegodišnji splavari na brzim rekama.

Svi vodiči PSD Lim su LICENCI RANI VODIČI RAFTA od strane Rafting Saveza Srbije.

Takođe su učesnici na svim važnijim takmičenjima, kao sportska ekipa i kao organizator.

Možemo Vas ugostiti u našem kampu koji se nalazi 12km uzvodno od Prijepolja (hrana, piće, odbojka na pesku, pecanje, mali fudbal... prirodni izvor, toalet...)

CYCLING

Kilometres of asphalt and well preserved macadam roads on Tara make cycling possible during the whole year no matter what weather conditions are. Hundreds of forest paths and lanes promise a great experience for those who enjoy silence, but the ones more ambitious will not be disappointed either. They can try numerous technically and physically challenging and demanding tracks. The Public Company *National Park Tara* made a map of cycling tracks running through the most beautiful parts of the National Park. You can find it at the Information Points of the Public Company *National Park Tara* by the name of *Tarocikl*.

MOUNTAINEERING

Tara, one of our most beautiful mountains, has exceptional conditions for mountaineering being rather interesting to everyone who enjoy this activity. Eighteen mountain tracks with 120 kilometers of length in total, have been marked in the National Park *Tara*. A pretty interesting track called a *Small Spiritual Transversal* has been added to the existing ones. This track is marked on the following route: the Raca monastery – Ladjevac – Suva pećina (Suva cave) – St George skit – Krstaca rock – Gradina fort – viewpoint – Crnjeskovo – monastery dwellings of the monks in Kaludjerske Bare. Using the mountain tracks map is recommended. It can be found in all reception halls, control points and information points.

BIRDWATCHING

Special Nature Reserve *Uvac* is a protected natural area of a great significance – it is a strict Nature Reserve of Category 1. It is located in the South-Western Serbia. The central morphological entity reserves the canyon Uvac with tributaries. Squeezed meanders have the special value in the valley's canyon parts. Their capes are 100 metres high.

Special Nature Reserve *Uvac* is distinguished by presence of 104 bird species. The most important one is griffon vulture – one of the two remained types of vultures nesting in Serbia today. Griffon vulture is a type of eagle vulture, of remarkable size, the wingspan of 3 metres and extraordinary flight. Its flight has been researched by aeronautical scientists and applied on constructing aircrafts.
